RE: Dr. Edwin Lincoln Wildner, Jr. was granted license limited to Bowman Gray School of Medicine, where he was a resident in Psychiatry. He has now applied for conversion to full license in order that he might accept a position as a clinic physician on a temporary appointment. His chief of service at Bowman Gray School of Medicine stated that he had had excellent medical training but that he felt he did not wish to stay in the specialty of Psychiatry; that he knew no reason why he would not be quite acceptable for full license to practice in this state. Dr. Wildner appeared at this time.

Dr. Rodman: You have had a change in plans?

I believe the last time the Board saw you you were in residency in Psychiatry and now you want to go to the Health Department of Forsyth County.

A. Yes

Q. What about Psychiatry?

A. I decided not to continue.

Q. How many doctors are there?

A. Just one, his assistant resigned.

Q. You did not like it?

A. No, I have a degree in Public Health.

Q. When do you plan to go in Public Health?

A. As soon as I have a license.

Dr. Edmondson: How long in that program?

A. Six months

Dr. Large: Is this decision to leave Psychiatry voluntary?

A. Yes

Q. No friction with the department?

A. No

Dr. Rodman: Your arrangements are already made with regard to the Health Department?

A. Yes, I saw Dr. Finger yesterday.

VERDICT: Dr. H. Lee Large, Jr. moved that the limited license of Dr. Edwin Lincoln Wildner be converted to full license. This motion was duly seconded by Dr. James E. Davis and passed unanimously.

RE: Dr. James Kenneth Fancher, resident of Atlanta, Georgia, was granted license limited to Jackson County, North Carolina, where he had a summer cottage, in 1949. He has now applied for conversion of this license as he has ceased to go to Jackson County and has built a summer home at Montreat, Buncombe County, North Carolina. Dr. Joseph J. Combs advised that the president of this county medical society stated it was felt there was no reason why Dr. Fancher's license could not be extended. Dr. Fancher appeared at this time.

HP

Dr. Rodman: You are applying for extension of license to go to Montreat?

Dr. Fancher: Yes

Q. Where have you practiced?

A. Atlanta, I am still practicing. About 15 years ago you gave me license to practice in Jackson County. I have a cabin there. At my age I do not want to go to that isolated place and I have built a home in Montreat. I am still practicing in Atlanta. I have no intention of equipping an office at Montreat, just in case somebody needs it.

Q. How many doctors there?

A. The man who built my place said he was chairman of the Chamber of Commerce and they had one. Most of the people there are the retired missionaries and ministers. I just thought if I could transfer that privilege and if need to write a prescription I could.

Dr. Combs: What is your type of practice?

A. Internal Medicine and Endocrinology.

Dr. Edmondson: Are you board certified?

A. Yes certified internist, past president of the Endocrine Society ---, faculty at Emory 22 years.

VERDICT: Dr. Joseph J. Combs moved that Dr. James Kenneth Fancher's limited license be extended to include Buncombe County, North Carolina, provided he registers the same. This motion was duly seconded and passed unanimously. (Registered)
