MISCELLANEOUS

Presidential Remarks

Dr. Rhyne commenced the meeting by reading from Governor Easley's Executive Order No. 1, the "ethics awareness and conflict of interest reminder." No conflicts were reported.

Mr. Henderson presented a 5-year award to Mr. Smelcer for his 5 years of service to the Medical Board.

Mr. Gupta presented a 5-year award to Ms. Paulson for her 5 years of service to the Medical Board

Review Panel (Session Law 2007-346, House Bill 818)

G.S. § 90-3(a) requires one member of the Review Panel to be a public member currently serving on the Board.

Motion: A motion passed that John Lewis is nominated to serve on the Review Panel.

Motion: A motion passed that Thelma Lennon is nominated to serve as an alternate to the Review Panel if Judge Lewis is unable to attend.

Special Board Meeting

The comment period for the new rules adding zoster vaccines to 21 NCAC 32U .0101 will end at 5:00 p.m., December 14, 2007. The Medical Board will need to convene sometime after the comment period to consider the rules.

Motion: A motion passed that a Special Board Meeting will be held at 12:30 p.m., Wednesday, December 19, 2007 to consider these rules.

Evaluation of Statement of Economic Interest

In accordance with G.S. chapter 138A, the State Government Ethics Act, the North Carolina Board of Ethics completed their evaluation of the statement of economic interest in the case of Ms. Blizzard, Dr. Walker and Dr. Hill. The Medical Board is in receipt of individual letters from the Board of Ethics citing the following:

Ms. Blizzard: Regarding the Evaluation of Statement of Economic Interest Filed by Ms. Pamela L. Blizzard, the State Ethics Commission "...did not find an actual conflict of interest or the potential for a conflict of interest."

Dr. Walker: Regarding the Evaluation of Statement of Economic Interest Filed by Dr. Walker, the State Ethics Commission "did not find an actual conflict of interest. However, they did find the potential for a conflict of interest. He is a surgeon with Charlotte Colon and Rectal Surgery Associates. In addition, he is the Chief of Staff for and serves on the Board of Directors of Presbyterian Hospital. As such, he is serving on a licensing board for members of his own profession and has the potential for a conflict of interest. In light of these interests, Dr. Walker should exercise appropriate caution should either of these entities come before the Board for official action, as well as matters involving his license or the licenses of his co-workers and associates. This would include recusing himself to the extent that these interests would influence or could reasonably appear to influence his actions.

Dr. Hill: Regarding the Evaluation of Statement of Economic Interest Filed by Dr. Hill, the State Ethics Commission "did not find an actual conflict of interest. However, they did find the potential for a conflict of interest. He is a physician with Western Piedmont Anesthesia. As such, he is serving on a licensing board for members of his own profession and has the potential for a conflict of interest. In addition, he served as President of the NC Society of Anesthesiologists until early December, 2007. In light of these interests, Dr. Hill should exercise appropriate caution should either of these entities come before the Board for official action, as well as matters involving his license or the licenses of his co-workers and associates. This would include recusing himself to the extent that these interests would influence or could reasonably appear to influence his actions.

Change of April 2008 Board Meeting Dates

A conflict was reported for the April 16-17, 2008 Board Meeting dates.

Motion: A motion passed to change the Medical Board Meeting in April 2008 to April 23-24, 2008.

Rulemaking and Posting Malpractice Payment in Online Physician Profile

Dr. Rhyne led a discussion regarding what malpractice information should be published on the Board's website and the rulemaking process.

N.C. Gen. Stat. § 90-5.2, titled "Board to collect and publish certain information" became effective October 1, 2007, and requires that the Board promulgate rules regarding the collecting and publishing of certain malpractice information. Various members of the Board and staff have met with several groups interested in the rulemaking and procedures involved in creating the online physician profile that will flow from the passage of N.C. Gen. Stat. § 90-5.2.

The Board discussed the feedback from the interested parties and talked about a possible timeline for the rulemaking, building of the online profile system, gathering data, and going

live with the online profile. The Board also discussed the distinction between affirmatively publishing information online versus merely making information available to the public as required by the statute.

The Board members agreed that the basic elements of the rule regarding publishing malpractice payment information should be decided on this day. The Board set a goal of drafting rules to be considered at the January 2008 Board meeting.

Dr. Rhyme recapped the work of the CAPI Task Force and the subsequent conversations by the Board over 2007 about the various methods by which information might be posted. She stated that there were about 2300 physicians with one malpractice payment over a particular ten-year period, 213 with two payments, and about 40 with three or more payments. The Board discussed the difference between publishing payment information based on a numeric formula related to the number of payments and publishing payment information based on analyzing each payment case for care below the standard.

Dr. McCulloch advocated for a system of publishing based on a determination by the Board that the care associated with the payment was below the standard because that information would be the most useful to consumers. He also pointed out, however, that physicians with a significant number of payments should have some payment information on their profile even if the care was judged by the Board to be within the standard. Dr. Loomis spoke in support of trying to provide the most relevant and material information. Dr. Jablonski stated that the Board's mission is to protect the public and that it is important to provide relevant information.

Dr. Saunders and several other Board members talked about the need for transparency. It was pointed out that there is a strong expectation on the part of health care consuming public for the ready availability of information online. Ms. Blizzard pointed out the failures of other government agencies in the past to be forthcoming with information and the negative results of trying to hold back or filter information. The Board members generally agreed that it is difficult to know what particular information will be the most helpful to the public. There was agreement about the need to be proactive in this matter.

Judge Lewis reminded the Board that rules are also needed regarding what criminal convictions will be published on the profile.

Motion: A motion passed to instruct the Legal Department to draft rules for consideration at the January 2008 Board meeting that will allow the Board to create the online profile system with the following elements:

1. Some information about every payment will be published in the online profile. No dollar amounts or information that might tend to identify patients will be included.
2. The Board will continue (as it is now doing) to evaluate each report of payment to determine whether the associated care was equal to/above the standard of care or below the standard of care.
3. The Board will state on the profile along with each published payment whether the care was within the standard, below the standard, or that the Board was unable to gather sufficient information to make a determination (which often happens with out-of-state payments).
4. Each physician or physician assistant with a published payment will be provided a free text box on the profile in which to offer his or her explanation of the case leading to the

payment. The rules will prohibit stating the payment amount, anything that might tend to identify the patient or anything false or misleading.

5. The staff will develop boilerplate disclaimer/explanatory language regarding the general nature of malpractice payments for review by the Board.

6. The information will remain on the profile for 10 years measured from the date of the payment.

7. Begin collecting the malpractice information from the physicians and physician assistants on annual registrations beginning January 1, 2009. Go "live" with the profile once we have one year's worth of data (such that all physicians and PAs will have reported the information on annual registration one time).

8. The Legal Department is to develop a draft of rules related to what criminal convictions should be published.

MINUTE APPROVAL

Motion: A motion passed that the November 14-16, 2007, Board Minutes are approved as presented.

ATTORNEY'S REPORT

A motion passed to close the session to prevent the disclosure of information that is confidential pursuant to sections 90-8, 90-14, 90-16, 90-21.22 and 143-318.11(a) of the North Carolina General Statutes and not considered a public record within the meaning of Chapter 132 of the General Statutes and to preserve attorney/client privilege.

ATTORNEY'S REPORT

Written reports on four cases were presented for the Board's review. The specifics of this report are not included as these actions are not public information.

A motion passed to return to open session.
